

CERAMICA TF

Flexible Diamond Discs for a Textured Finish!

Alpha® is proud to introduce Ceramica TF, a flexible resin pad designed to achieve that textured finish look. Use the sequence of four 4" flexible discs, Positions 0 thru 3 with a rubber backer pad on any wet polisher to effortlessly create a textured look on internal corners and sink rims. When combined with the Alpha® Antique Brushes, Ceramica TF is the perfect solution for textured finishes on Engineered Stone/Quartz Surfaces.

PART NO.	DIAMETER	TYPE	COLOR	DESCRIPTION
