PREMIUM IMPREGNATING SEALER

PREVIOUSLY KNOWN AS STAIN-PROOF™ ORIGINAL

An impregnating, invisible and breathable sealer that provides premium and permanent protection for natural stone, tiles, pavers, concrete, brick and grout from water and oil based stains, as well as damage caused by water and dissolved salts. Treated indoor and outdoor surfaces become easier to clean and stay looking good for longer.

BENEFITS

- Premium water and oil repellence for superior stain protection: Rated Class 5 when tested in accordance with ISO 10545-14: Determination of Resistance to Stain.
- Unique super-penetrating, permanent bonding technology for long lasting protection. 15 year written performance warranty can be provided if applied by a Stain-Proof Accredited Applicator*
- Protects against efflorescence, freeze-thaw and salt spalling damage. (NOTE: Softer materials, including limestone, sandstone and travertine in a freeze-thaw or salt water environment need extra protection - use Stain-Proof 40SK Consolidator and Water Repellent).
- Retains natural surface color and finish. Treated surfaces are easier to clean and dry quickly, even after heavy rain.
- Super breathable formula: Water vapor escapes freely, preventing harmful moisture buildup inside the treated material.
- Stands up to alkaline cleaners and pressure washing.

*A fifteen year performance warranty is offered when product is applied by an accredited applicator and surface is maintained regularly, as outlined in our warranty document. Visit our website at www.stain-proof.com to find your nearest accredited applicator.
