

90° STEALTH SEAMER™, MANUAL

90-Degree Seam Solution

90° STEALTH SEAMER™, MANUAL

90-Degree Seam Solution

Ideal for mitered aprons, butt-joints, compound corners, and inside corners!

Non-marking vacuum cups won't stain light materials and won't lose suction even on textured surfaces

Smooth-turning knurled roller opens and closes seams with ease

Easy to read indicators to monitor vacuum pressure at a glance

Fine-tune leveling feet align and dial-in precise angles
