

RVL305

STAINLESS STEEL

Stainless Steel is the most popular choice for today's kitchens due to its clean look and durability. The beautiful brushed satin finish helps to hide small scratches that may occur over the lifetime of the sink. Our Stainless Steel sinks are made from high quality 16-, 18-, or 20-gauge steel. Most models are constructed from one piece, ensuring the sturdiest kitchen sink you will find. Our sinks are made from 304 steel and are guaranteed not to rust or stain.
