OBSIDIAN

Meet the newest ZENESIS™ silent core bridge saw blade, OBSIDIAN. Distinctly designed to cut fast and clean on engineered stone, porcelain, marble, and even the hardest quartzite. This is made possible by using our latest and most innovative ZENESIS™ diamond patterning technology to date. This latest technology increases the number of cutting/contact points by up to 3 times and significantly improves performance. The unique metal bond matrix is engineered to work with virtually all natural and engineered stone.

- Available in sizes 12" to 20"
- Cuts Granite, Engineered Stone, Porcelain, Marble, and Quartzite
- Wet use only

Part No.	Diameter	Segment	Arbor size
ZSG020V25T1213T	12"	25mm	60/50mm
ZSG020V25T1413T	14"	25mm	60/50mm
ZSG020V25T1613T	16"	25mm	60/50mm
ZSG020V25T1814T	18"	25mm	60/50mm
ZSG020V25T2014T	20"	25mm	60/50mm
