

NAUTILUS

PORTABLE EXTRACTOR

CERTIFIED
PLATINUM

MAXIMIZE YOUR CLEANING

Improve your productivity with the new Hydro-Force Nautilus Extractor. The Nautilus was designed to help you clean faster using features like our AirFlow+ configurable vacuum system, molded-in locations for supplies and equipment, and larger 12" base wheels for improved movement.

AirFlow+

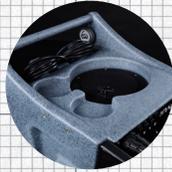

Configurable Vacuum System

Maximum lift, or maximum air flow, it's your call.

HF HYDRO-FORCE™
Innovating since 1974

STACK IT, PACK IT, CARRY IT

Molded-in locations hold a 5 gal. bucket and two 2 qt. sprayers

Haul extra gear around with the flat top

Strap a wand or SX-15 to the front to reduce the number of items you have to carry

ADDITIONAL FEATURES:

- 12 gallon solution and waste tank to reduce unwanted trips
- Engineered to protect electrical components from water exposure

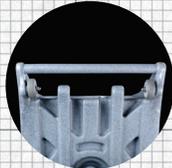

INDUSTRIAL STRENGTH

12" wheels make going up and down stairs a breeze

Easy unload/load with handle-mounted wheels

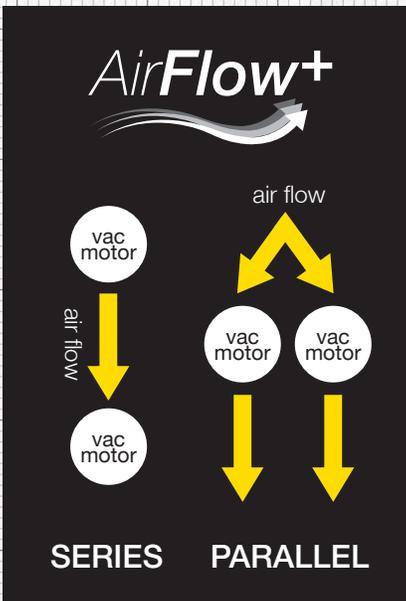

Tall, wide grip handle makes it easier to steer

ADDITIONAL FEATURES:

- Center of gravity is kept low and to the rear to improve the handling
- Durable roto-molded body

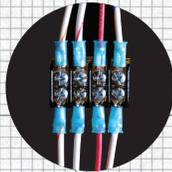

CUSTOMIZE YOUR CLEANING

Clam shell design improves access to components

Open design prevents cut knuckles and frustration

Plug-and-play wiring harness simplifies motor and pump replacement

ADDITIONAL FEATURES:

- Easily upgrade components with modular design
- AirFlow+ Vacuum System
 - Want 60% more lift – switch to Series.
 - Want to double your air flow – switch to Parallel
