## Commercial Dehumidifier

The XPOWER XD-125 Commercial Dehumidifier is designed to maximize water extraction while combining the highest efficiency in performance and portability. A highly durable housing construction can withstand rough handling, while its semi-pneumatic wheels allow for easy transport and maneuverability on the job site. With the XD-125's unique and complete operating features, it is the perfect machine for not only water damage restoration jobs, but also for multiple industrial applications where maximum performance in air drying is a necessity.

- A built-in water pump with drainage hose automatically purges when full- eliminating the task of monitoring collection tank levels
- Water removal capacity: 76 pints/day at AHAM (80°F, 60% RH); 125 Pints/Day (90°F, 90% RH)
- Uses standard refrigerant (R410A); with operation range between 33° – 100°F (1° – 38°C)
- 25 Ft. power cord and 20 Ft. long drain hose
