

XD-85L2

LGR DEHUMIDIFIER

The XPOWER XD-85L2 Large Capacity LGR Dehumidifier is the latest in Advanced Water Damage Restoration Technology. With a patented Dual Intake System design, the XD-85L2 has become the most efficient and highest output Low Grain Refrigerant Dehumidifier in its class.

Boasting 85 PPD @ AHAM (80°F / 60% RH), this LGR Dehumidifier draws 6.7 amps and includes all the features you have come to expect from a professional grade manufacturer. An easy navigating digital display, smart controls, integrated handles, and self-purging water pump all come standard on this unit. Also standard and included are the following features: folding handle for easy storage and transporting, secure stacking capability, integrated storage compartment for power cord and drain hose, and easy ducting outlet. This 67 LB 180 CFM powerhouse LGR Dehumidifier is the investment that offers the strongest ROI and performance restorers will appreciate.
