

# PROSERIES ENHANCER

Color enhancer / Wet Effect / Water and oil Proof

## Description

PROSERIES ENHANCER is suitable for ageing all types of marbles, travertines, stones, granites and agglomerates in order to obtain a “wet” effect both for indoor and outdoor.

We suggest the application on surfaces rough, sanded, brushed, flamed or honed in order to obtain the wet effect.

PROSERIES ENHANCER is also suitable to protect the surfaces against oil and water. The product does not change the colour when is exposed to the ray sun.

PROSERIES ENHANCER operates in the microporosities of materials giving a permanent “wet” effect.

It conveys anti-graffiti effect too.

## Instructions for use

The product must be evenly applied on dry and clean materials. The presence of water, dust or dirty matter may influence the result regarding the uniformity of the surface.

We suggest to spread the product using a brush, cloth, sponge or through a gun spray. Use the right quantity that the material naturally can absorb. Then, after few seconds, clean (buff) the surfaces by a cleaned cloth. Any excess of PROSERIES ENHANCER creates superficial glossy and sticky films, so the excess must be removed immediately after the application. We suggest to repeat this treatment after 10-15 minutes from the first application. The effect of anti stain will be achieved after 24 hours from the treatment. In case of floor application, do not walk on the surface before.

**IMPORTANT:** when a surface is treated for the first time, we suggest to test the PROSERIES ENHANCER on a small hidden part for testing the effect.

After usage, make sure contain is closed tightly.

**Technical data**

DENSITY at 25°C gr/ml: 0,95

ASPECT: liquid

STANDARD COLOUR: transparent/opalescent

QUANTITY TO BE USED: normally with 1 litre is possible to treat 20-30 square meters of stone. The consume depends a lot from the porosity of the material.

**Application**

**Effect**

Material	Surface	Result
Marble	Polished	Good
	Honed / Brushed	Very good
Granite	Polished	Good
	Honed / Brushed	Very good
Exotic Granite	Polished	Good
	Honed / Brushed	Very good
Limestone, Sandstone	Polished	Good
	Honed / Brushed	Very good
Terrazzo, Concrete agglomerate	Polished	Good
	Honed / Brushed	Very good
Engineered Stone	Polished	Good
	Honed / Brushed	Very good

**Shelf life**

The product will last at least 2 years in the normal condition between 18-25°C, kept away from source of heat, humidity and sun light

**Safety rules**

PROSERIES ENHANCER is a chemical product. Please read the safety data sheet before usage and the rules written on the label on the tins/drums.
