

FORMULA 811LE

LOCKDOWN ENCAPSULANT

LOW ODOR / FAST-DRYING / LOCKS FIBERS DOWN

Product Description

Sentinel 811LE Lockdown Encapsulant is a post-removal lockdown encapsulant solution. 811LE is premixed and requires no dilution. 811LE is essential for use during the mandatory sealing of asbestos fibers and dust subsequent to removal or building demolition. 811LE goes on white and dries clear.

Application Information (Always follow product label instructions for best results)

DIRECTIONS:

For best results, mix thoroughly before use. Apply Sentinel 811LE Lockdown Encapsulant with an airless sprayer. Expect coverage rates of up to 500 sq. feet per gallon. Dispose of in accordance with federal, state, and local regulations.

Clean-Up: Clean spray equipment and tools immediately after use with soap and warm water prior to product drying.

CAUTION:

Use approved respirators to prevent inhalation of asbestos fibers during the use of the product. Wash thoroughly after use. This product may cause irritation to the skin and eyes. Do NOT use this product before reading the Safety Data Sheet. Keep container closed when not in use. Store and transport in upright position.
